### **DETAILED ACTION**

1. The text of those sections of Title 35, U.S. Code not included in this section can be found in the prior office action.
2. The prior office actions are incorporated herein by reference. In particular, the observations with respect to claim language, and response to previously presented arguments.
3. Claims 15-20 have been cancelled.
4. Claims 1-14 are pending.

### ***Response to Arguments***

5. Applicant's arguments filed 02/28/2005 have been fully considered and they are persuasive.

### **Allowable Subject Matter**

6. Claims 1-14 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art's system and method singly or in combination are not obvious over specific steps of applicant's invention where transmitting a prescribed message from the first communication device to an access server device corresponding to

a home gateway device provided at the home network by specifying an access number/address corresponding to the home gateway device; carrying out an authentication procedure for authenticating the first communication device according to a prescribed authentication method between the access server device and the first communication device upon receiving the prescribed message at the access server device; transferring the prescribed message through a prescribed access network from the access server device to the home gateway device corresponding to the access number/address specified by the prescribed message, when the authentication procedure is successfully completed; and transferring the prescribed message from the home gateway device to the second communication device through the home network after converting the prescribed message according to a protocol supported by the second communication device, when the prescribed message is received by the home gateway device from the access server device which is registered at the home gateway device in advance (in the light of the specifications on page 2 and 3 where the above process by access server device and home gateway device prevent attacks without implementing the security functions and providing management setting to the users) as recited in **independent claims 1, 3 and 4.**

**7. Dependent claims 2, 5-14** as being dependent upon Independent claims 2 and 4 and having additional allowable features therein.

### Conclusion

8. Any comments considered necessary by the applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submission should be clearly labeled "comments on statement of reasons for allowance."
